

# Developing a Framework for Regional Environmental Management Plans (REMPS) for Polymetallic Massive Sulphide Deposits on Mid-Ocean Ridges

## Provisional Agenda

**Venue: University of Szczecin, Faculty of Geosciences, Educational and Research Centre for Natural Sciences (Geocentrum), 16A Mickiewicza St. , 70-383 Szczecin, Poland**

**Dates: 27-29 June, 2018**

<b>Day 1: 27 June, 2018</b>	08:30 - 09:00	<b>Registration</b>		
	09:00 - 09:15	Welcome: Polish Authority	Szczecin University's President (Rector)	
	09:15 - 09:30	Introduction: Secretary-General	Mr. Lodge - Video (ISA)	
	09:30 - 09:45	DOALOS and their activities in the area	V. Jares (DOALOS)	
	09:55 - 10:05	ISA Strategic Environmental Management Plan	S. Mulsow (ISA)	
	10:05 - 10:25	<b>Coffee break</b>		
		<b>EMP in the Area: Moderator: T. Radziejewska (Poland) Rapporteur: P. Qian (China)</b>		
	10:25 - 10:45	Mid-Ocean Ridges definition: scales, geology and stakeholders	S. Mulsow (ISA)	
	10:45 - 11:05	Major ecological structures, distinctive features, and ecological functions of Mid-Ocean Ridges	Dr. Van Dover (USA)	
	11:05 - 11:20	CCZ EMP historical review lessons learnt	G. Le Gurun (ISA)	
	11:20 - 11:35	Russia Experiences	Contractor (Russia)	
	11:35 - 11:50	China Experiences	Contractor (China)	
	11:50 - 12:05	India Experiences	Contractor (India)	
	12:05 - 13:05	<b>Lunch</b>		
	13:05 - 13:20	Views on REMPS	Contractor (Poland)	
	13:20 - 13:35	Germany Experiences	Contractor (Germany)	
	13:35 - 13:50	France Experiences	Contractor (France)	
	13:50 - 14:05	Korean Experiences	Contractor (Korea)	
	14:05 - 14:25	SEMPIA initiative to proposed APEI for Mid-Ocean Ridges	D. Dunn (USA)	
	14:25 - 15:05	EASME Initiative/proposal private engagement: EU initiative	P. Weaver (Seascope PTY)	
	15:05 - 15:25	<b>Coffee break</b>		
	15:25 - 15:35	Definition of operational working groups	T. Radziejewska and G. Le Gurun	
	15:35 - 17:30	Group 1	Environmental Management Goals, objectives, target.	Moderator: T. Radziejewska Rapporteur: L. Ermakova
		Group 2	Critical elements of REMPS	Moderator: C. Van Dover Rapporteur: T. Joyini (LTC)
		Group 3	Design principles for area-based and non- area based environmental management in REMP	Moderator: D. Dunn Rapporteur: G. Paterson (LTC)
		Group 4	Roadmap for future REMPS; timeline and activities	Moderator: M. Colaço Rapporteur: G. Le Gurun (ISA)

# Developing a Framework for Regional Environmental Management Plans (REMPS) for Polymetallic Massive Sulphide Deposits on Mid-Ocean Ridges

## Provisional Agenda

**Venue: University of Szczecin, Faculty of Geosciences, Educational and Research Centre for Natural Sciences (Geocentrum), 16A Mickiewicza St. , 70-383 Szczecin, Poland**

**Dates: 27-29 June, 2018**

<b>Day 2: 28 June, 2018</b>	09:00 - 09:30	EMP in the Area. Report to plenary: major findings/gaps/proposals	Rapporteur: C. Van Dover Moderator: S. Mulsow
	9:30 - 10:30	Resume Working Groups 1, 2, 3 and 4 with an exchange of participants	
	10:30 - 11:00	<b>Coffee break</b>	
	11:00 - 11:30	WG 1: Reporting to Plenary, public discussion	Moderator: T. Radziejewska Rapporteur: L. Ermakova
	11:30 - 12:00	WG 2: Reporting to plenary, public discussion	Moderator: C. Van Dover Rapporteur: T. Joyini (LTC)
	12:00 - 13:00	<b>Lunch</b>	
	13:00 - 13:30	WG 3: Reporting to Plenary, public discussion	Moderator: D. Dunn Rapporteur: G. Paterson (LTC)
	13:30 - 16:00	WG 4: Reporting to Plenary, public discussion	Moderator: M. Colaço Rapporteur: G. Le Gurun (ISA)
	16:00 - 16:20	<b>Coffee break</b>	
	16:20 - 17:30	Working Group Discussions continue	
	18:00 - 20:00	<b>Cocktail Reception</b>	
	<b>Day 3: 29 June, 2018</b>	09:00 - 09:30	WG 1: concluding remarks and recommendations
9:30 - 10:00		WG 2: concluding remarks and recommendations	Moderator: C. Van Dover Rapporteur: T. Joyini (LTC)
10:00 - 10:30		WG 3: concluding remarks and recommendations	Moderator: D. Dunn Rapporteur: G. Paterson (LTC)
10:30 - 11:00		WG 4: concluding remarks and recommendations	Moderator: M. Colaço Rapporteur: G. Le Gurun (ISA)
11:00 - 11:30		Final statement	Polish Representative and ISA Representative
<p>Each working group will be presented with the key issues to deal with as set out by the Steering Committee.            Each working group should provide at the end of the workshop a series of recommendations/comments to be passed to the Legal and Technical Commission and the Secretariat.            The Roadmap Working Group must assure a consensus on the activities needed to design a Regional Environmental Management Plan for Mid-Ocean Ridges in a way that would be easy (coherent) for LTC to request the budget for execution in due time.</p>
