<i>General Comments</i>		
All information from texts referenced by the draft, which is essential and which has additional value, should be provided for in Standards and Guidelines.		
<i>Specific Comments</i>		
Page	Line	Comment
1	17	Please replace “To give effect” with “With regard to” (para. 4)
2	12	Please replace “applicable international rules, regulations and standards” with “norms of the ISA, as well as relevant national and international rules applicable in accordance with ISA Regulations”
2	30	Please move this line to the beginning of the paragraph 3 and designate this point as subpara. “a”
	96	Please replace a box “content” in the row “Part 1. Compliance” with the following wording: “This part will outline the approach and methods to describe and demonstrate compliance with relevant regulations, operator requirements as well as external stakeholders <i>interests recognized by the ISA in accordance with UNCLOS</i> ”
	100-101	It is suggested the enumeration to begin with reference to the ISA rules.
	111-128	Please delete reference to the specific national guidelines, including those issued by associations.
