The exploitation contract and its schedules is a public document, and shall be published ~~{without delay}~~ ~~{7 days}~~ in the Seabed Mining Register, except for Confidential Information, which shall be redacted.

5. Please indicate the rationale for the proposal. [150-word limit]

Nauru supports using "without delay" to set the period within which the contract will be published rather than setting a specific number of days. The time period may require flexibility depending on the precise content, circumstances and timing of the conclusion of the contract, including its Confidential Information.
