

ISA 29th Session, Part II – Reading of the Draft Consolidated Text

Oral Statement by the Federal Republic of Germany

Delivered in July 2024

Regulation DR 93 ter – Consultation with Coastal States

We would like to warmly thank Portugal for their work on DR 93.ter. Germany is generally supportive of having a dedicated Regulation on consultations with Coastal States, in line with Article 142 of the Convention. We are open to either DR 93.ter or the alternative version and we support cross-referencing DR 4 to avoid duplication or conflicting provisions.
