

# MEETING FUTURE CRITICAL MINERAL DEMAND: THE ROLE OF THE CIRCULAR ECONOMY

Can the circular economy help meet demand for critical minerals? Join the Ellen MacArthur Foundation and Minderoo Foundation to explore how circular approaches across the EV and consumer electronics battery value chains could influence demand for critical minerals.

Delegates can choose between two engaging exploration stations, and lunch will be available.

**THURSDAY 30 JULY**  
**14:00-15:00 EST**  
**DELEGATES DINING ROOM**
